## THE KANSAS CITY ARTISTS COALITION

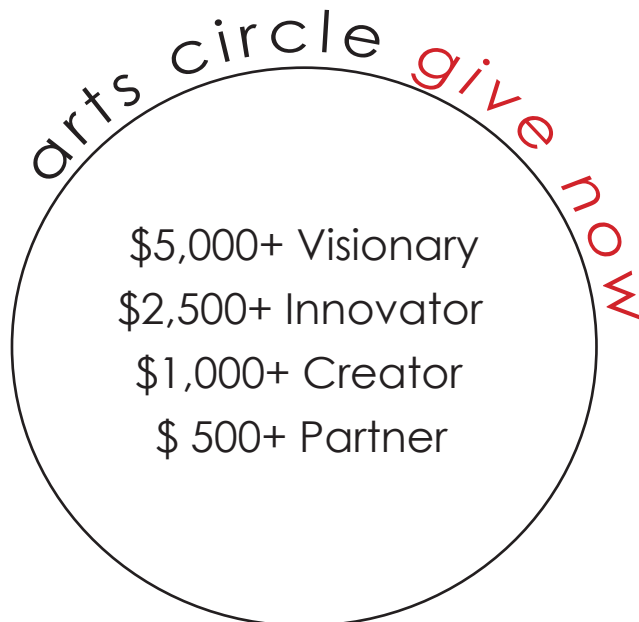

The Kansas City Artists Coalition (KCAC) has significantly contributed to the thriving art community of Kansas City and the surrounding region.

KCAC is an artist-centered, artist-run space. Programming includes exhibitions, publications and workshops which help to champion the work of local artists and increase the viability of Kansas City as an arts hub. In 2011, we extended this mission and created the Residency at the Artists Coalition (RAC), which offers artists from around the world and across the country a supportive environment to work and engage with the community and brings artists together to build and improve intercultural understanding.

KCAC explores the diversity of expression that shapes contemporary culture, art, and ideas. KCAC supports and embraces local and regional artists' work. The spirit of KCAC is grassroots, entrepreneurial, and committed to the idea that artist's work is valuable and should be supported.

In 2016, KCAC celebrated 40 years. Much has changed since the beginning, but our mission to promote visual arts and artists is still needed. KCAC's longevity can be attributed to adherence to the mission and a history of integrity, openness, and inclusiveness in its programming. We have worked to gain the trust of our constituencies who support the mission and respect the consistent leadership.
